Just a Wearyin'

(By Frank L. Stanton.)

Jest a-wearin' for you,
All the time a-feelin' blue;
Wishin' for you, wonderin' when
You'll be comin' home again;
Restless—don't know what to do—
Jest a-wearin' for you.

Keep a-mopin' day by day;
Dull in everybody's way;
Folks they smile and pass along,
Wonderin' what on earth is wrong;
'Twouldn't help 'em if they knew—
Jest a-wearin' for you.

Evenin' comes. I miss you more
When the dark gloom's in the door;
Seems jest like you oughter be
There to open it for me;
Latch goes tinklin' thrills me through;
Jest a-wearin' for you.

CHURCH AFFAIRS.

Thursday afternoon Miss Floy Lewis' Sunday school class of the First Baptist church was delightfully entertained at her home on Rio Grande street. The affair was in the nature of an expedition to the north pole, and the decorations were in keeping with the trip.

The dining room was prettily decorated with tinsel and artificial snow, while the table was converted into the polar region. A tall, snow-capped north pole occupied the center, with a tiny silk American flag surmounting it. At opposite corners of the table small ice bergs were to be seen amid the glittering make-believe snow. Glass candle sticks and snow capped chandeliers gave lights for the occasion. Delightful refreshments and appropriate favors were given to the young guests by the charming hostess. Miss Lewis was assisted in entertaining by Miss Lois Smith.

Those who enjoyed the northern trip were Edith Robertson, Alice Myles, Mary Gates Richmond, Ruth Smith, Lillian Simmons, Elizabeth Hawkins and Mary Smith.

Friday night at 8 o'clock the Young Women's Missionary society and the members of the Epworth League, after a short business session, had a most enjoyable time at the parsonage of the Trinity M. Baxter sent over to the headquarters yesterday morning an envelope to which an unknown number was written. The girls who guessed the number was to receive an additional sale of two dollars worth of buttons credited to her. Miss Minnie Zwick was the lucky girl, having guessed 23, the exact number."

A man with only one arm usually manages very well for all ordinary purposes, but, of course, he is not the equal of other two-armed people.

In the same way, a man with defective eyesight, usually gets along pretty well, but, of course, loses out when brought into competition with a man whose sight is perfect.

Why suffer with defective sight? As a general rule, imperfect sight is due simply to some peculiarity of the eyes. You may be near-sighted, far-sighted, your eyes may not focus properly, one eye may be considerably weaker than the other. All you need is a properly ground, properly adjusted pair of glasses.

Come in. Have our skilled optician, Dr. Horton, make an examination. He will quickly discover what is wrong and will fit you with "right" glasses.
